

# ZoomText 9.1 Magnifier Features

ZoomText Magnifier is an advanced screen magnification program that enlarges and enhances everything on the computer screen, making your computer easier to see and use.

## Flexible Magnification

Full range of magnification levels up to 36x. Levels include: 1x to 8x in steps of 1, 10x to 16x in steps of 2, 20x to 36x in steps of 4, and fractional powers of 1.25x, 1.5x, 1.75x and 2.5x.

## Powerful Zoom Windows

8 different zoom windows allow you to choose which part of the screen is magnified.

## Font Enhancements

xFont technology displays high-definition text that's easy to read at all magnification levels. Smooth, bold and condense settings allow you to fine-tune the thickness and spacing of text for added legibility.

## Dual Monitor Support

Use two monitors to expand your magnified viewing area, or use the second monitor to share a magnified or unmagnified view of your desktop with another person or group. (Windows Vista and XP only).

## Enhanced Screen Colors

Innovative color controls improve screen clarity and reduce eyestrain. Special effects include color dyes, two-color modes and replacement of problem colors.

## Visible Pointers and Cursors

Size and color enhancements make it easy to see the mouse pointer. Special locators make it easier to follow the mouse pointer and text cursor as they move across the screen.

## Focus Enhancements

Makes it easy to locate and follow the control focus when you navigate through application menus, dialogs and other application controls.

## Smooth Navigation

Navigating your applications and scrolling the view is always smooth and

comfortable. Constrained mouse movement allows you to examine rows and columns, and keeps you within the active window.

### **Desktop Finder**

## **ZoomText 9.1 Magnifier/Reader**

ZoomText Magnifier/Reader is a fully integrated magnification and screen reading program that enlarges, enhances and reads aloud everything on the computer screen.

### **Includes all the features of ZoomText Magnifier, plus:**

#### **‘NeoSpeech’ Synthesizer Voices**

NeoSpeech provides human-sounding male and female voices that are closer to the real thing than ever before (English only). ZoomText also includes classic TruVoice, ViaVoice and Microsoft speech synthesizers.

#### **Complete Screen Reading**

ZoomText automatically speaks all program controls, including menus, dialogs, list views and messages. Three verbosity levels give you complete control over the amount of information spoken.

#### **Automatic Document Reading**

ZoomText’s AppReader automatically reads documents, web pages and email within the parent application. ZoomText’s DocReader reads documents in a special environment where text is reformatted for easier viewing.

### **Reading Zones**

Reading Zones allow you to instantly see and hear selected locations in your applications. Define up to 10 zones per application that you can trigger via pop-up menu or keyboard commands.

### **Full Internet Accessibility**

ZoomText reads any web page, in the proper reading order. You can read automatically or manually navigate by word, line, sentence and paragraph.

### **Text Navigation**

Navigation keys make it easy to read while creating and editing documents. With simple commands you can read by character, word, line, sentence and paragraph, even while selecting text.

### **Typing Echo**

Each key or word that you type is automatically spoken. You can choose to have all keys spoken or only selected groups of keys.

### **Mouse Echo**

Mouse echo automatically reads text that you point to. Single words or complete lines of text are spoken instantly or after hovering briefly.

### **SpeakIt Tool**

The SpeakIt tool allows you to read selected areas of the screen by clicking or dragging the mouse.

### **Special Application Support**

# ZoomText on USB

*ZoomText Anywhere, Anytime*

Computers have become ever-present in our lives, and so has our need to access and use computers everywhere we go... at home, at school, at work, even in libraries and other public facilities. To make ZoomText readily available to individuals that need it, Ai Squared has introduced “ZoomText USB” – ZoomText on a USB flash drive that users can conveniently carry with them and use at any time.

With ZoomText USB, you can install and run ZoomText whenever and wherever you need to (with administrative privileges), without having to purchase additional licensing or activate each installation of the software. This makes ZoomText both convenient and inexpensive for both individuals and organizations, and faster to deploy in network environments. Once ZoomText has been installed on a system, ZoomText will automatically start up each time you plug in the USB drive – activated and ready to use.

ZoomText USB provides these important key benefits:

- **Access on any computer:** With ZoomText USB you can plug in and run ZoomText on any system without having to purchase additional licensing.
- **Portable and always within reach:** The ZoomText USB drive fits in your pocket or around your neck (on the included lanyard), so it’s always with you when you need it.
- **Easy to use:** Just plug in the ZoomText USB drive and ZoomText automatically starts up. If ZoomText is not installed, the friendly setup program is launched and you’ll be up and running in minutes.
- **Plug-and-Play license management:** Since the serial number is tied to the ZoomText USB drive, there are no serial numbers or license activations to worry about.
- **Take your settings with you:** Your personalized ZoomText configuration settings are saved to your USB drive and are automatically loaded each time you plug in and start ZoomText.
- **Single-User and Multi-User Pricing Options:** Choose the version best suited for you or your organization.
