First uninstall any older version of Kurzweil 3000

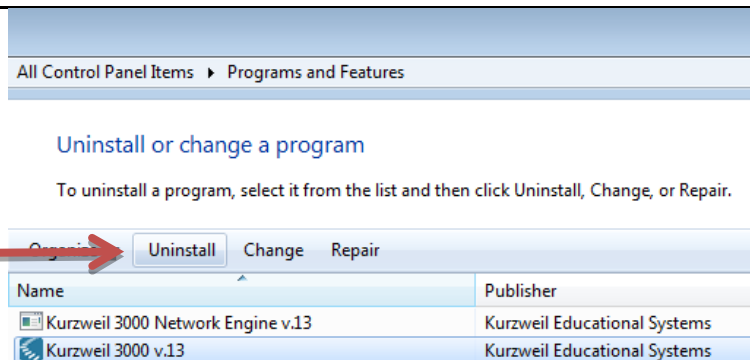

Before you attempt to install K3000, make sure that you've first **uninstalled** any older version of K3000 on your computer by following the instructions below. Uninstalling an older version of K3000 will not cause you to lose any Kurzweil documents (.kes files), so you don't have to worry about losing your work.

1. In your Windows **Control Panel**, go to **Programs and Features**.

For more information
please contact
www.Voice-Solutions.com
info@voice-solutions.com
(877) 653-7007

2. In your **Programs and Features** list of installed programs, find any older version of **Kurzweil 3000** installed (**Kurzweil 3000 v.13** pictured to the right). Select **Kurzweil 3000** and then click the **Uninstall** button.

3. Follow the prompts to **uninstall** Kurzweil 3000. For example, choose **Yes** to uninstall the software and **Yes** to restart your computer.

4. After restarting, you should no longer see a **Kurzweil 3000** shortcut on your desktop or Start menu.

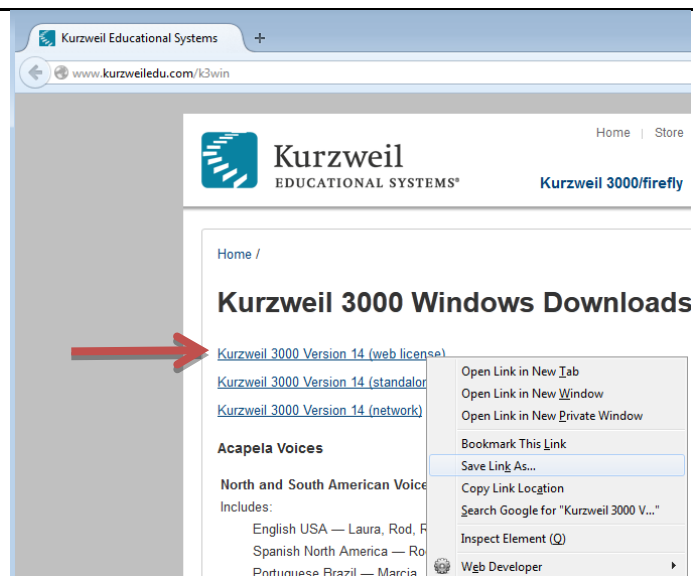

Download Kurzweil 3000 Web License

Before you can install and use K3000, you must first download the software.

1. You can download the latest K3000 Windows software for free from this webpage:
<https://www.kurzweilededu.com/k3win>

2. Find the link for **Kurzweil 3000 Version 14 (web license)**. **Right-click** the link, and choose the option **Save Link As...**

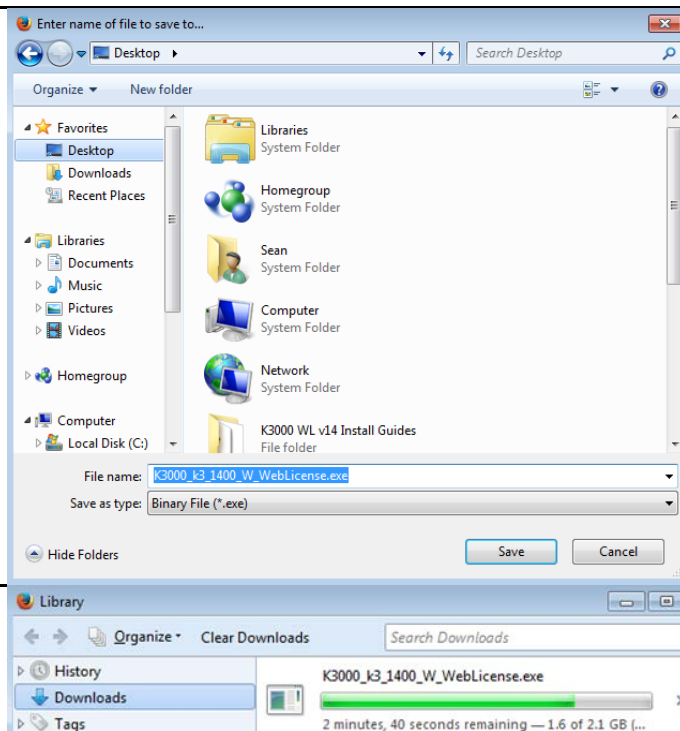

3. Save the installer file **K3000_k3_14xx_W_WebLicense.exe** to a location that you can easily find on your computer. We recommend saving the file to your **Desktop** (pictured to the right) or **Downloads** folder. Press **Save** to save the file.

4. This will start a download process, saving the file to your computer. The file is more than 2 GB in size. Downloading the file may take anywhere from 15 minutes to multiple hours, depending on the speed of your connection. Wireless connections may result in slower download speeds.

5. To view the status of the download, in your web browser (Firefox, Chrome, Internet Explorer, etc.) you can press **Ctrl + J** to open your **Downloads** library window.

6. Wait for the file to finish downloading. See below for installation instructions.

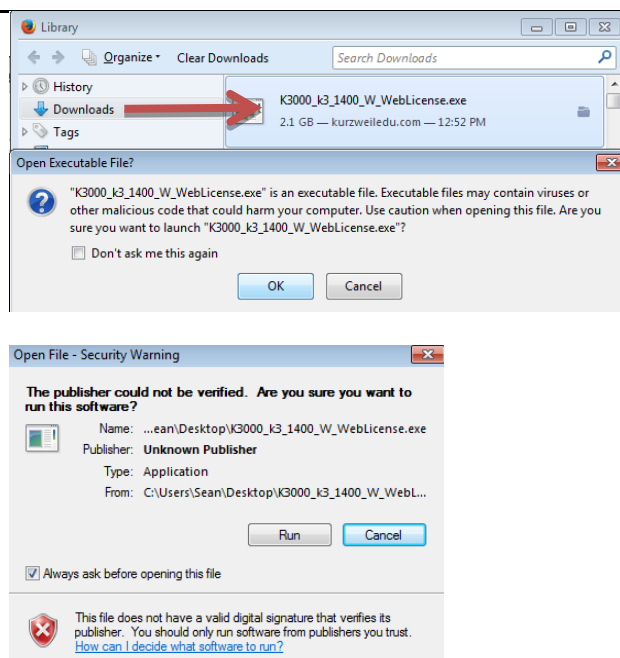

Install Kurzweil 3000 Web License

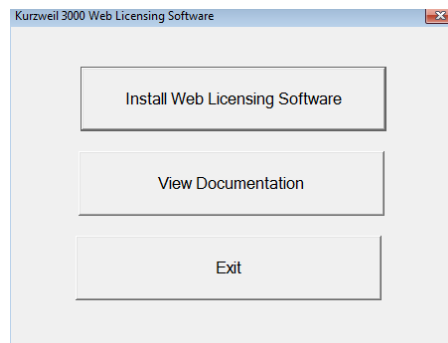

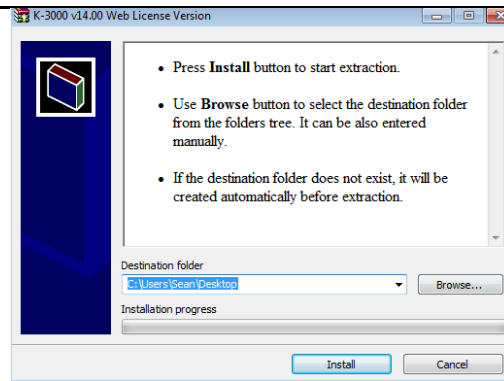

Now that you've downloaded the installer file, you're ready to install the software.

1. Once the file finishes downloading, **double-click** the file to **Open** it.

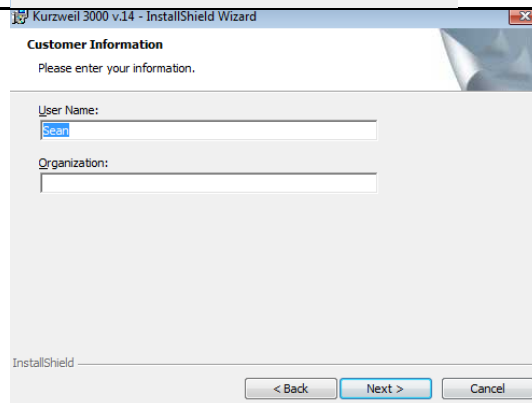

2. If you receive any security warning windows, press **OK** or **Run** or **Allow**.

3. Click **Install** to start the installation process. Press the **Install Web Licensing Software** and **Next** buttons when prompted.

4. When prompted for **Customer Information**, enter the name of the primary user of the computer and press **Next**. If you're unsure whose name to enter, just ignore this step and press **Next**.

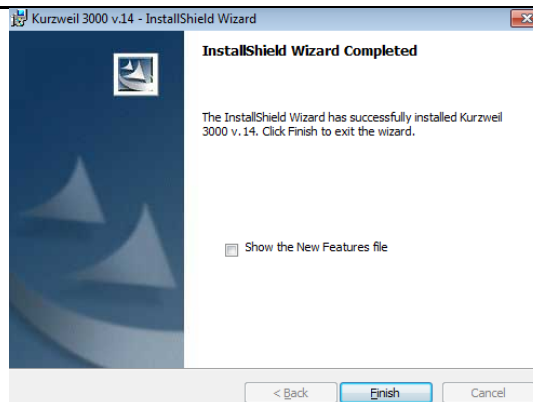

5. Choose to do a **Complete** install and press **Next**. Follow the prompts to complete the installation process.

6. The installation process may take several minutes or more. You may see several different windows pop up during installation. This is normal.

7. At the end of the process, you will be asked to **Finish** and **Restart** your computer.

8. After you restart your computer, you should **Kurzweil 3000** shortcuts on your desktop.

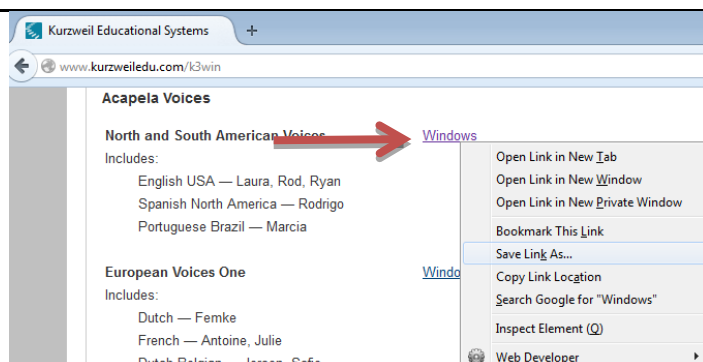

Download/Install the Acapela Voices (Optional Step)

Extra high quality Acapela text-to-speech voices may be installed for use in K3000. Each voice package must be downloaded and installed separately. The voice packages contain voices with English or Australian accents and additional foreign languages, such as German or Dutch. Follow the instructions below to download and install these voices.

1. You can download the Acapela voices for free from this webpage: <https://www.kurzweilledu.com/k3win>

2. Find a voice package you'd like to use, such as the **North and South American Voices**. Right-click the **Windows** link, and choose the option **Save Link As...**

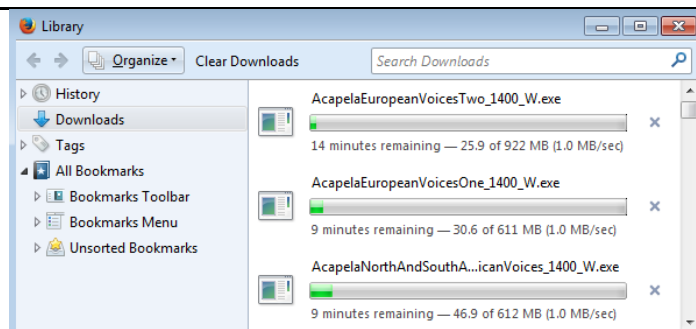

3. Save the voice installer files to a location that you can easily find on your computer. We recommend saving the file to your **Desktop** (pictured to the right) or **Downloads** folder. Press **Save** to save the file.

4. This will start a download process, saving the file to your computer. These files may take several minutes to more than an hour to download, depending on your connection speed. Wireless connections may result in slower download speeds.

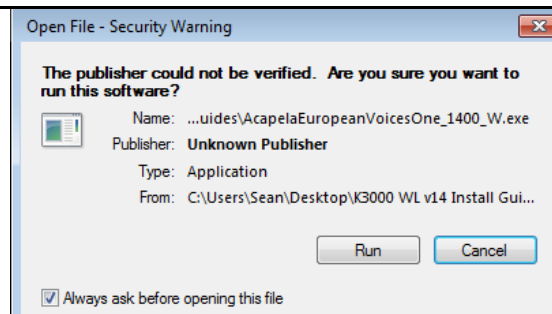

5. To view the status of the download, in your web browser (Firefox, Chrome, Internet Explorer, etc.) you can press **Ctrl + J** to open your **Downloads** library window.

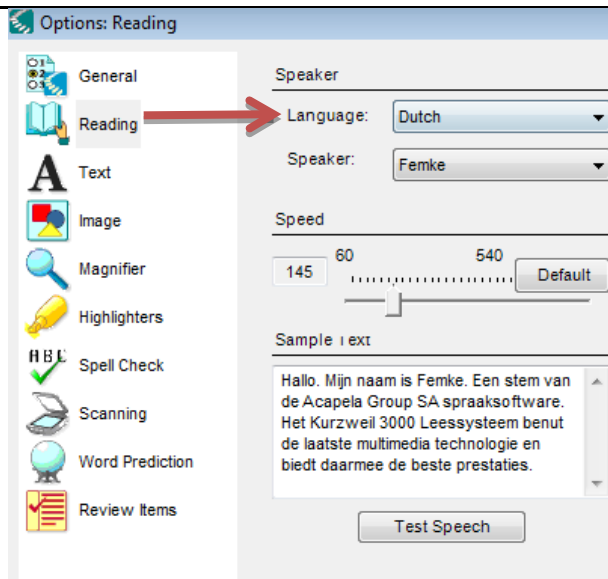

6. Once the file finishes downloading, **double-click** the file to **Open** it. This will start an installation process.

7. If you receive any security warning windows, press **OK** or **Run** or **Allow**.

8. Follow the prompts to install the voice package. Choose to do a **Complete** install and press **Next** for each window.

9. Doing this will install additional voices for use within K3000.

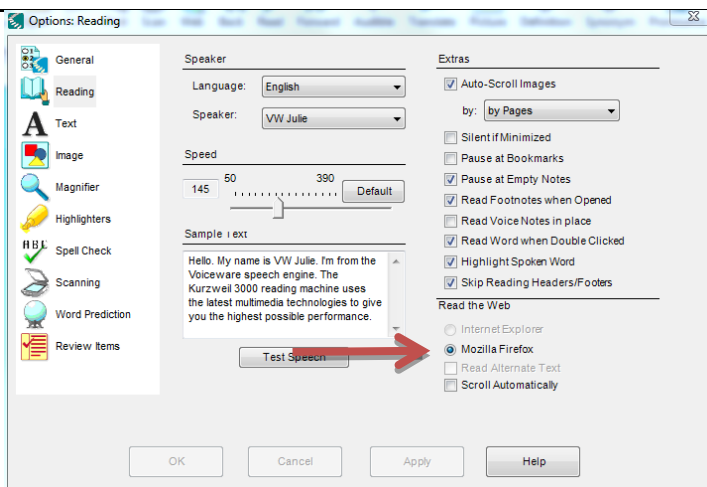

Install the Read the Web add-on (Optional Step)

After you install K3000, it is recommended to install the Read the Web add-on for Mozilla Firefox®. This will install a toolbar into Firefox that will let you read some web pages in your web browser with K3000 voices.

1. If you do not have Mozilla Firefox, you can download it here: <http://www.mozilla.org/en-US/firefox/new/>

2. After Mozilla Firefox is installed and working, you're ready to install the Read the Web add-on. Open K3000 and log in with your K3000-**firefly** username and password.

3. In K3000, click **Tools > Options > Reading**. In the Options: Reading window, choose the **radio button** for Mozilla Firefox.

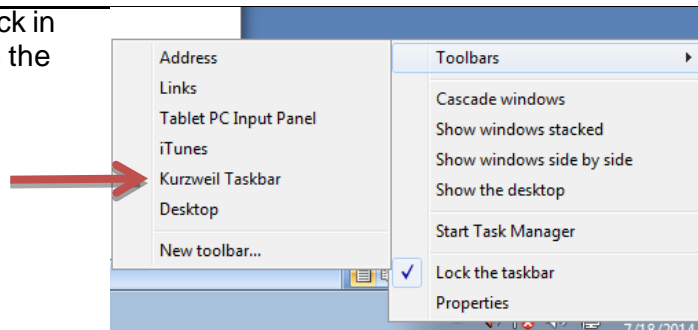

4. A Kurzweil 3000 window may appear, asking if you want to add the extension. Choose **Yes**. From here, follow the prompts to install the add-on into Firefox.

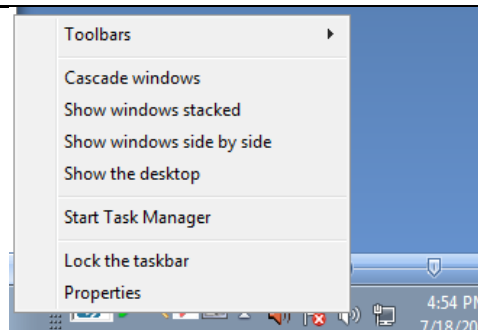

Enable the Kurzweil 3000 Taskbar (Optional Step)

K3000 comes with a taskbar that installs into Windows. This taskbar has multiple features, including a powerful Image Reader. It's recommended to enable it.

1. To enable your Kurzweil Taskbar, right-click in an open space on your Windows Taskbar. In the context menu, select **Toolbars > Kurzweil Taskbar**.

2. To expand the size of the Kurzweil Taskbar, right-click in an open space on your Windows Taskbar. In the context menu, select to uncheck **Lock the taskbar**. Drag the expansion bar to expand the text field of the Kurzweil Taskbar.

3. You can now click on the **Image Reader** button on your Kurzweil Taskbar to drag rectangles around areas of your screen and have K3000 read any text it finds.

Your Kurzweil 3000-*firefly* username and password

You are ready to log in to and use *Kurzweil 3000 Web License Edition*. When you open the K3000 software on your computer it will prompt for your username and password. Use the username and password your administrator provided. This username and password can be used to log in to the K3000 and **firefly**™.

A screenshot of a login dialog box titled "Welcome to Kurzweil 3000". It has a teal background. There are two input fields: "Username:" and "Password:". Below the fields are two buttons: "OK" and "Cancel".

firefly is a combination a web-based reading tool, online file storage system, and account management system.

A user account should have been created for you in **firefly**. If you were not provided a username and password, please contact someone at your organization leading the implementation of *Kurzweil 3000-**firefly***.

Accessing *firefly*

You can log in and access the **firefly** website here: www.fireflybykurzweil.com

A screenshot of the Firefly website homepage. The header features the "firefly" logo and the text "by Kurzweil Educational Systems". Below the header, there is a "New to firefly?" section with a description of the service and two buttons: "Free Trial" and "Free iPad App". To the right, there is a "Log Into firefly" section with input fields for "Enter username", "Enter password", and a "Send Password?" link.

You can also download the **firefly**iPad® app for free from the Mac App Store:
<https://itunes.apple.com/us/app/firefly-k3000/id535277727?mt=8>

Educators primarily use **firefly** for its user management system, creating user accounts for others.

Students primarily use **firefly** for its web-based reading tool, letting them read files uploaded to the online file storage system called the **Universal Library**.
